Thanks to **Tom Terrien's** presence (keyboards/sampler) The trio **MINIMAL ORCHESTRA** resolutely turns towards Electronica, with a blend of groovy, sensuous echoes, sometimes even bordering to sound experiments.

One can notice the influence of some of the greatest programming artists such as **Squarepusher** or **Aphex Twin**. (Sampler) contrasts sharply.

Beyond an "electronica" labelling, the rhythmic set of **Pierre-Jean Trouette** (Bass / double bass) and **Ghislain Rivera** (Drums)

With its original **drum'n'jazz electronica**, **Minimal Orchestra** freely revisits all the different styles of electro in live concerts worth experiencing as much for these crafted musicians' stage performances as for the trip into their peculiar universe: **it's an opportunity not to be missed!**

With its unique blend of structure and improvisation, this is how the visual and sound architecture is being built live every night. The audience will not be mistaken: whether nostalgic for the 90's or addicted to the latest beats, enjoy the music !
